Hi Kathleen,

So sorry, not quite sure where you read that information but that is incorrect. We cannot waive the license application fee and please note we have nothing to do with the fingerprint fees. That goes to the CBI/CBI and is not handled at all by CDE. Again, you may wish to contact the local school district or CBI directly to see if they are offering any types of reimbursement for the fees, but we do not have a program in place at this time to waive the CDE license application fee.

Hello Penny,

Thanks for responding. I did read that last month, the application fees were waived for furloughed government employees in order to gain as many people as possible to help out during this time. Fingerprints are easy to get yet it's the nearly $100 application fee which I can not give at this time, the area housing prices are too expensive and I can not afford to pay such a high fee for DPS right now. This is like an "any regular day" kinda fee and I'd think for qualified folks wanting to assist right now as substitutes, the same offer of fees waived would be helpful. I've already paid an out-of-pocket fee to have my official university transcripts mailed to me from Florida. Even with a potential 'maybe' for me to receive reimbursement from whichever school district I might get assigned, I'm asking for the same treatment that

was offered to the furloughed workers...many of whom may not be in a position to pay this application either. CDE might consider making allowances for individuals if they choose.

Please let me know if anything changes, I'd love to help out....Thank you! **303-981-2800**

Best, Kathleen G.

Unfortunately you will not be able to submit it without providing your credit card information and must also submit your fingerprints for a background check. With regards to a reimbursement for your fee, this is something you will need to speak directly with the district about. We have no information on whether or not DPS is providing reimbursements at this time.

currently licensed in the state of Colorado (fingerprints on file with CBI) for Real Estate yet can submit another fingerprint card if that fee is also being waived at this time.

Please advise and understand that I am here to help during this challenging time between the administration and the teacher's union. Another counselor/teacher (Harold Sanchez from Bruce Randolph) in the DPS system referred me to see if I would be able to get the fees waived so I can offer my qualified services to the community children.

THANK YOU!
